Sir:

**SUBMISSION OF SUBSTITUTE SEQUENCE LISTING**

In a Notice to File Missing Parts of Nonprovisional Application ("the Notice") mailed April 19, 2001, the Office advises Applicants that the application fails to comply with the requirements of 37 C.F.R. § 1.821 through 1.825 because 1) the application does not contain a statement that the content of the sequence listing information recorded in computer readable form is identical to the paper sequence listing and 2) the computer readable form does not comply with the requirements of 37 C.F.R. §§ 1.822 and/or 1.823. In reply, Applicants enclose a substitute computer readable form of the Sequence Listing and a substitute paper copy of the Sequence Listing, which renumber the nucleotides in SEQ ID NOs: 1 and 4 as indicated on the marked up "Raw Sequence Listing" attached to the Notice.

In connection with the Substitute Sequence Listing submitted concurrently herewith, the undersigned hereby states that:

1. the submission does not include new matter;
2. the content of the written Substitute Sequence Listing and of the computer readable copy of the Substitute Sequence Listing are the same; and
3. all statements made herein of his own knowledge are true and that all statements made on information and belief are believed to be true; and further; that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent resulting therefrom.
